Updated Physicals and Oral Health Assessments

REQUIRED FOR IN-PERSON LEARNING -- Health physicals and oral health assessments are required annually. Medical forms must be turned in to the school as part of the enrollment process, and any updated forms throughout the school year should be submitted to the school. Students must have an up-to-date health assessment form on file with the school once in-person learning begins. This is the best time to ensure your student's health form is updated. Schedule an appointment with your doctor if you student needs a current physical.

We have also posted flyers along with this newsletter on our website for your convenience of locations to contact for more information regarding immunizations.

Students will NOT be able to return to in-person learning without an updated health and immunization form on file.

You may call the school to find out if your student has an updated health form (202-939-5390) or you can email your current health form to Ms. Emma (emma.amaya@k12.dc.gov).

You can find all the forms by visiting: [School Health Requirements](#)

School Year 20-21 Dietary Accommodations

If your student requires dietary accommodation for the 2020-2021 school year, please complete the appropriate dietary accommodation form. Note that the form(s) must have all applicable sections completed for the form to be processed.

New accommodation forms must be completed each school year, each summer, and if your student moves to a different school during the school year.

Forms can be found [here](#).
